Gratitude

The Dibels Reading Growth scores I looked at this morning were amazing! Our students are getting better at reading even more so than they did in past years. We keep getting better as a school; our students keep getting better as learners!

Thank you, dear families, faculty, friends, and students for doing your part to **strengthen support for student success** the entire school year. Without your contribution and effort we would not be growing as we are.

Relax a little during the summer, but no vacation from reading, from family math games, from being good and better, from learning and pursuing goodness, truth, and beauty in our family life and fun time!
